

80dB XTREME GUARD

# XG-8WSS02 Wireless Smoke Detector

## Overview

The XG-8WS01 Wireless Smoke Detector is a state-of-the-art safety and security device that quickly detects fire and smoke. Its high sensitivity to smoke and temperature ensures early detection, effectively reducing false alarms. With real-time voice prompts, an 85dB alarm, and mobile app notifications, this device provides comprehensive protection for your home or business.

Invest in the XG-8WS01 Wireless Smoke Detector today and experience peace of mind knowing that your home or business is equipped with the latest in fire safety technology.

## Key Feature

Fast Fire Detection:	High sensitivity to smoke and temperature, allowing for quick perception of fire threats.
False Alarm Reduction:	Professional design that significantly reduces the occurrence of false positives, ensuring accurate alerts.
Light and Sound Alarms:	Audible alarm over 85dB and visual notifications for enhanced safety measures.
App Push Notifications:	Compatible with Smart Life and Tuya apps, delivering real-time danger alerts directly to your smartphone.
Long Battery Life:	Designed for low power consumption, with battery monitoring for timely replacements.
Wide Monitoring Range:	Covers a 3-meter radius and provides an intelligent alarm system for maximum coverage.

## Application

- Residential homes
- Offices and commercial spaces
- Industrial buildings
- Schools and hospitals

## Specification

Model Number:	XG-8WSS02
Input Voltage:	DC 3V (LR03)
Quiescent Current:	≤35uA
Working Current:	≤100mA
Low Voltage Alarm:	≤2.4V
Alarm Sound Pressure:	85dB at 1 meter
Working Frequency:	2.405 ~ 2.480 GHz
Detection Range:	20m <sup>2</sup>
Working Temperature:	-10°C to +50°C
Working Humidity:	Up to 95% RH
Alarm Sound Pressure:	85 dB/1m
