

# SMART SCENE Switch

## Elegant Wireless Control for Smarter Living

The Sumato Smart Scene Switch is a stylish, wireless multi-button controller that allows you to activate custom scenes and control multiple devices with a single tap. Designed for flexible smart home management, it connects through the Tuya Smart App and supports Alexa and Google Assistant for hands-free voice control. Available in 1-4 button configurations, it offers easy, stick-on or screw installation—no wiring required.

### Key Feature

Remote App & Voice Control:	Operate smart scenes from anywhere via the Tuya app or by voice with Alexa or Google Assistant.
Scene Activation & Countdown:	Trigger personalized scenes like “Good Morning” or “Movie Mode” with scheduled or instant execution.
Group Control:	Synchronize multiple smart devices across rooms using a single button.
No Wiring Needed:	Installs effortlessly using adhesive or screws; ideal for rental homes and finished interiors.
Battery Powered:	Low energy consumption design provides long-lasting performance without external power.
Available in Multiple Buttons:	Choose from 1, 2, 3, or 4-button models to suit your control preferences.
Stylish Design with Multiple Colors:	Complements any décor with finishes like White, Black, Golden, Brushed Gold, Brushed Silver, Mirror Gold, Mirror Rose Gold, and Dark Green.

### Wireless & Hassle-Free Installation

No wiring required—simply stick or screw it onto any wall surface.

### Customizable Scene Control

One-touch access to personalized smart scenes like “Sleep Mode” or “Work Time.”

### Flexible Button Options

Choose from 1 to 4 buttons to control multiple devices or rooms.

### Voice & App Integration

Supports hands-free commands via Alexa and Google Assistant, and full control through the Tuya Smart app.

### Stylish Design

Available in 8 elegant colors to match any décor.

## Smart Control

Touch, app, and voice control with Alexa, Google Assistant, and Siri.

## Multi-Gang Options

Available in 1, 2, 3, and 4-gang models for any room setup.

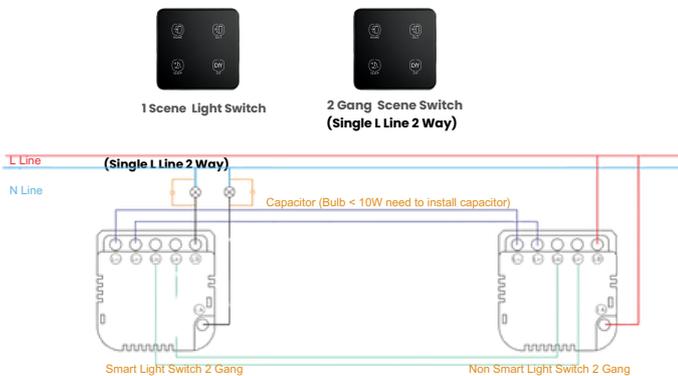

## Tempered Glass Touch Panel

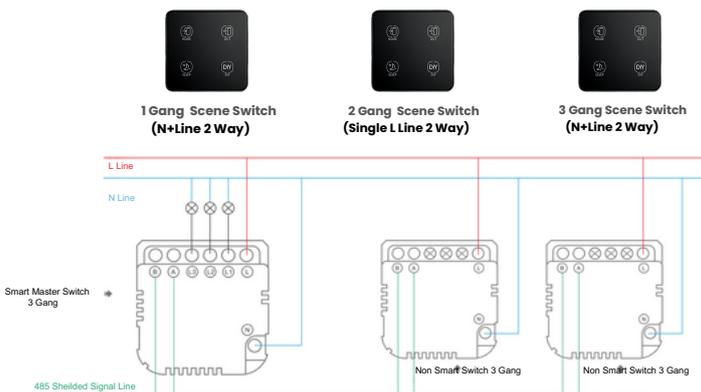

Scratch-resistant, easy to clean, and elegantly framed in aluminum alloy for long-lasting durability and premium feel.

## Dimension

## Usage

- **Scratch Resistance:** Protects the surface from keys, nails, or accidental bumps—ideal for daily use in busy households or offices.
- **Easy Cleaning :** Wipes clean effortlessly, maintaining a sleek, smudge-free appearance even with frequent touches.
- **Premium Aesthetic :** Enhances the look of smart switches with a glossy, modern finish that complements luxury interiors.
- **Durability & Longevity :** Withstands pressure and heat better than standard plastic, ensuring the switch stays functional and stylish for years.
- **Safety :** Designed to break into small, blunt pieces if shattered, reducing injury risk.
